Editor's Foreword

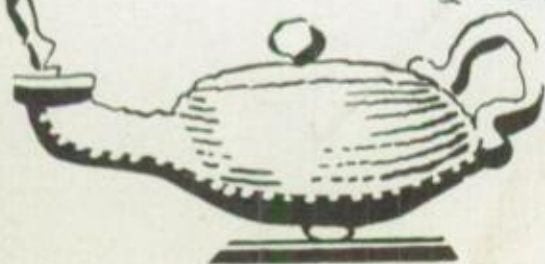

As this school year comes to a close we wish to pause and look back by means of this yearbook, the 1964 Bulldog, at its many happenings.

May this book serve as a treasure chest full of those precious gems of memories, golden friendships, and priceless experiences of learning which are a part of our brief, fleeting high school years. We hope that as you turn these pages in the future, the fine ideals and bright hopes of youth may be renewed and refreshed.

My heartfelt thanks go to my wonderful staff and sponsor.

THE SUPERINTENDENT'S MESSAGE

There is no room at the bottom; foresight, wisdom and long-range planning are necessary if you rise above the bottom in this age of automation.

The accomplishment of today's essentials in the academic and technical sphere remains a necessity; but of equal, if not more importance, are the following qualities:

- | | |
|-------------|---|
| PATIENCE | - with growing up, with things that change too slowly or too quickly. |
| CURIOSITY | - about people, knowledge, new ideas, new values. |
| CONCERN | - about people, and their problems, the worth of the individual. |
| HUMOR | - that can find enjoyment in small things, as well as big things, that can laugh at mistakes. |
| DISCERNMENT | - that learns to tell the good from the bad in ideas, actions, culture, standards. |
| HOPE | - for maturity, for a fruitful and contributing future. |

Speaking for the School Board, the Staff and myself, we hope we have been of assistance in helping you to attain these qualifications and assets and wish you Godspeed in your continued pursuit of them.

Sincerely yours,

Doyle L. Monger

As we raise our joyous chorus,

The days we've spent within thy portals,

The light of memory burning clearly,

We fondly linger here

To recapture just one moment

Of golden years gone by.

CHORUS:

We revere thee, proud and noble,

Honor we bestow.

Hail to thee, our Alma Mater

Class History

September, 1951, the future Seniors of 1964 invaded Cameron and Washington. Playing girls-chase-the-boys at Cameron were Paul Anderson, Ken Biggerstaff, Becky Cooker, Marylen Cotter, Sharylen Cotter, Mary Lou DeFratus, Sally Goodwin, Linda Householder, Linda Lannom, Sue Lewis, Carrol Merryman, Fred Norton, Jo Ann Reagan, Linda K. Runyan, Dennis Scaff, Richard Sherfield, Susie Thomas, and Martha Wright. Bruce and Kaye Cottle were at Cameron for a while then left for New Mexico.

But, at Washington the boys were chasing the girls! Leading the group was Ray Bennett. His followers included June Clary, Kaye Clary, Carla Dudley, Mariea Foster, Fred Freeman, Garvin Gilmore, Mike Griffis, Bobby Higgins, George Peveto, Darrell Stevens, Bob Suther, Janet Van Orden, Joe Wallace, Pat Walker, Bill Whiten, and Keith Woodell.

In the second grade Cameron was saddened by the loss of Lynda Castleberry to Kansas and Richard Sherfield to Lawton. They were soon replaced by Bruce and Kaye Cottle from New Mexico. Richard Owens left Washington and decided to try Arizona for a while. But, Washington made a big gain with Beverly Cochran from Atoka, Pam Free from Tonkawa, and Jimmy Powers from Ardmore. It seems that, as we were watching a film one day, Pam Free thought she was at a movie and called out loudly for popcorn! This is why we call her "Popcorn Pam."

In the third grade, Lynda Castleberry and Richard Sherfield couldn't stay away any longer, so they returned to "good old Cameron." The dust storms at Cameron drove Beverly Cochran to Washington. Joining her there were John Harris from Illinois and Jurrel Williams from Big Canyon.

In the fourth grade Cameron gained Truman Cade from Dunbar Grammar School and lost Bruce and Kaye Cottle to Washington, and Richard Sherfield to Washington State. Washington made tremendous gains that year, such as Jerry Hoot from Texas, Rod Sanders from McAlester, Pama Summers from Ardmore, and Dennis Scaff from Cameron. Larry O'Gwin left to go to Muskogee. Fred Freeman played the part of a devil in a school play that year and he's been playing it perfectly ever since.

Class History (continued)

Richard Sherfield returned to Cameron in the fifth grade to find his friends having class in a room with five "Corners." One of them, believe it or not, was a teacher. Cameron also gained Ronnie Fredricks from Okla. City. Cameron and Washington made the "big switch" that year trading Paul Brooks, Mary Lou DeFratus, Linda Lannom, and Fred Norton for Fred Freeman and Mike Griffis. Washington also gained Jim Nunn from Texas and Dorothy Herring from Arizona. Joe Wallace left that year to go to Nebo.

The next year Cameron gained James Osburn from Dickson, Gae Riley from Ardmore, but lost Susie Thomas to Washington. Jim Nunn left Washington and went back to Texas, but Beverly Cochran from Cameron and Steve Howe from Nebo came to fill the big gap left by Jimmy. This was the year that Jurrell Williams lost all his "marbles" during an English lesson.

Seventh grade!! The bitter enemies from Cameron and Washington combined that year to combat the overbearing eighth graders (THE BIG BULLIES). We gained Larry O'Gwinn from Muskogee, Oliver E. Pritchard and Joseph Wallace from Nebo. June Clary left for Healdton, though, so the meeting of Larry and June was post-poned.

In the eighth grade Terry Monjay came from Hickory, Gary Freeman from Asher, and June Clary came back to see Larry. We also gained the biggest overbearing bully of them all, Georgie Porgie Peveto. Other than getting George, the most exciting event that year was our graduation party at the Vendome.

Our Freshman year we really thought we were big! We grew a lot in size as a class, gaining Ellouise Atchley, Ruby Busby Baugh, Betty Haney, Carolyn Wiles, Lottie Flick, Della Williams, and Linda Saunders Trett from Dougherty; Charlene Hickman and Felix Frazier from Oak Grove; Betty Campbell from Hickory; and Deanna South from Wynnewood. However, we lost Jim Nunn again to Waurika.

During the Sophomore year we made big gains with Elaine Lester from Mill Creek, Richard Owens from Arizona, and Jimmy Nunn from Waurika. That was the year that Linda Runyan was Football Queen.

Our Junior year can be remembered by all the confusion over ordering our class rings. That year John Harris was elected F.H.A. Beau. Elaine Lester was F.F.A. Sweetheart and went on to become the Southeast District Sweetheart. We gained Jeff Laird from Michigan, Ricky Lee from Velma Alma and Ann Reagan from Ringling. Becky Cooper was Annual Queen that year.

Well, we finally made it to the top!! Our Senior year was very successful. We held all the Student Council offices the first semester, 4 Seniors made all conference football and 3 made all district. There were 18 Seniors in football, 7 in basketball, 8 in track, and 9 in baseball. There were 3 Senior officers in Bulldog Boosters, 5 cheerleaders, one Senior twirler, and one majorette. Six Seniors held offices in F.H.A., 4 in Spanish Club, and 3 in National Honor Society. There were 15 in National Honor Society, 11 in Oklahoma Honor Society, 22 in Belles and Beaus, 2 in Girls' Trio, and 2 in Girls' Quartette. We had 21 in F.F.A. and held the office of president and 9 in Letterman's Club and held the office of president. We gained Larry Arcker from Sapulpa, Ann Burrows from Athens, Greece, and Steve McNeil from Arizona. These additions made us the largest graduating class in the history of Sulphur High School.

Class Prophecy

The year is 1974, the place is the World's Fair at Sulphur, Oklahoma near scenic Arbuckle Lake and Sulphur Springs Spa.

The landscape and buildings have been designed by the great architect Richard Owens, who got his first ideas while dreaming in Spanish. Sue Lewis is supposed to ski in if the snow holds out. She's now the first U.S. cross country woman skier. Following close behind is Ronnie Northcutt, the famous Olympic Ski Jumper, in his red "parka." Paul Anderson, a multi-millionaire corporation owner, has managed the finances. Felix Frazier is his lawyer, Gae Riley Frazier has already made him famous with their four sets of quints. Ken Biggerstaff is a pretty good manager of finances himself. He bought out Veteran's Lake and has installed parking meters.

Some of our entertainment will be provided by Janet VanOrden's famous major league baseball team. Larry Archer is in charge of recreation at the Spa. He has many varied plans, such as presenting David Blakeman's bulls. He used to ride, but now raises them, as he is the new owner of the Rockefeller Ranch.

Ray Bennett will broadcast our reunion over his own radio station SR-1964. His star singer is Dorothy Herring. Paul Brooks has furnished all the lumber for the Fair. His wife and ten kids help keep him in employees at his Lumber Co. President Cottle and Senator Sanders have just arrived with a police escort headed by Sheriff Bobby Higgins and his deputies. Ellouise Atchley, Peggy Kahlor, and Carolyn Wiles.

Dr. Bill Whiten and his nurses, Leota Nichols, Kay Payne, JoAnn Reagan, are trying to rescue Richard Sherfield. He almost went into orbit testing his new invention, the Peppy Pole Vault Pole. Jim Nunn his assistant, cleared 364 ft. yesterday singing "I'm All Shook Up" on the way down.

Sue Payne has just returned from Bolivia where she made famous her Bingle, Bangle Bracelets. Ann Burrows is arriving on the same plane after completing her last picture "Tell Me What Did I Say" directed by Jeff Laird.

A main attraction at the sports pavillion is Bob Suther, the great weight lifter. He can press 115 lbs. There, too, we find Truman Cade, now manager of the famous basketball team, the "Blood Clotters." We also see Garvin Gilmore, famous Olympic wrestler.

Class Prophecy (continued)

The plumbing has been done by Fred Freeman, the singer in the world famous "Ravens" band. Their baritone player is Pat Walker.

Mike Griffis has just driven up in one of his custom cars. "Body by Griffis--driven and tested by Carla Dudley."

We now will take a tour of old S.H.S. Some of the teachers have been replaced, such as Marylen Cotter, world history teacher; Mary Lou DeFratus, grade school teacher; Carroll Merryman, Spanish teacher; Pam Free, replacing Mr. Earsom; and Joe Wallace, now a BIG English teacher, anyway an English teacher. And then there is Professor Jerry Hoot who is head of the Math Department at M.I.T. (Murry in Tishimingo). He is perfecting his own "Merritt Bomb."

John Harris and his wife have just arrived from Cuba where John has started a new regime--friendly to the U.S. Tommy Collins and Ronnie Fredricks are competitors in the restaurant business. Tommy's "Mustang Club" versus Ronnie's "Bowl and Sank." Ricky Lee and Billy Lewis have just arrived from their trucking lines with a load of vinegar for Darrell Stevens' pickled eggs. Darrell is also president of A.A.A.

Steve McNeil has brought in all of his models from his "Date and Modeling Service." Some of them include Della Williams, Charlene Hickman, and Louise Kahlor.

Becky "Bubbles" Cooper is about to blast off. She is Sulphur's own lady astronaut. Her ship was perfected by Sally Goodwin and is called the "Good-win Special."

Katy Cottle Cagle is the best "rester" in the Cagle Resting Home. Mariea Foster is now head of the Sulphur "Foster" Home. Beverly Cochran is married and has raised her own basketball team (5 boys!). Ruby Busby Baugh owns her own beauty salon. She sells Linda Householder wigs. Do Householders really have more fun? Working there are Martha Wright and Linda Castleberry.

Menus at the World's Fair were planned by Betty Campbell and Judi Collins, her assistant. Sharylen Cotter runs her own knitting college, "Knit Along With Sharylen." Gary Freeman is a veterenarian now. He takes care of all the livestock at the Fair. Kaye Clary has put in a Drive-In Show. Ann Reagan works in the ticket office and Mary Jane Pence works in the snack bar. Betty Haney is, of course, a well known poet. Terry Monjay owns "Monjay's Chicken--Pluckers Establishment."

Elaine Lester is a psychologist. She specializes in plumbers, doctors, and senators. Linda Lannom has taken Liz Taylor's place and has just completed her new film "Cleopatra on Mars." Judy Laster and Jurrell Williams are both great swimmers. Judy has loved water ever since that day in P.A.D. Jurrell is a lifeguard who saves only beautiful girls. Lottie Flick is also a champion swimmer.

The U. S. Army has just arrived in the form of Fred Norton, a four star general. Larry O'Gwin has become world renown for his invention of a robot. It does all the house work for his wife, the former June Clary, so they can spend more time together. All the sketches for this World's Fair were done by that famous commercial-artist, James Osburn.

The "drinks" for the occasion were provided by George Peveto, sole owner of "Peveto's Brewery." "Gene's Casino" run by the famous card shark, Gene Pritchard, is very popular these days as his waitresses are Linda Saunders Trett and Deanna South.

Another popular place is "Dumus's Dugout." Scaff butchers on the side. Chip Wells is the most ambitious man in the world but seems to be late anyway.

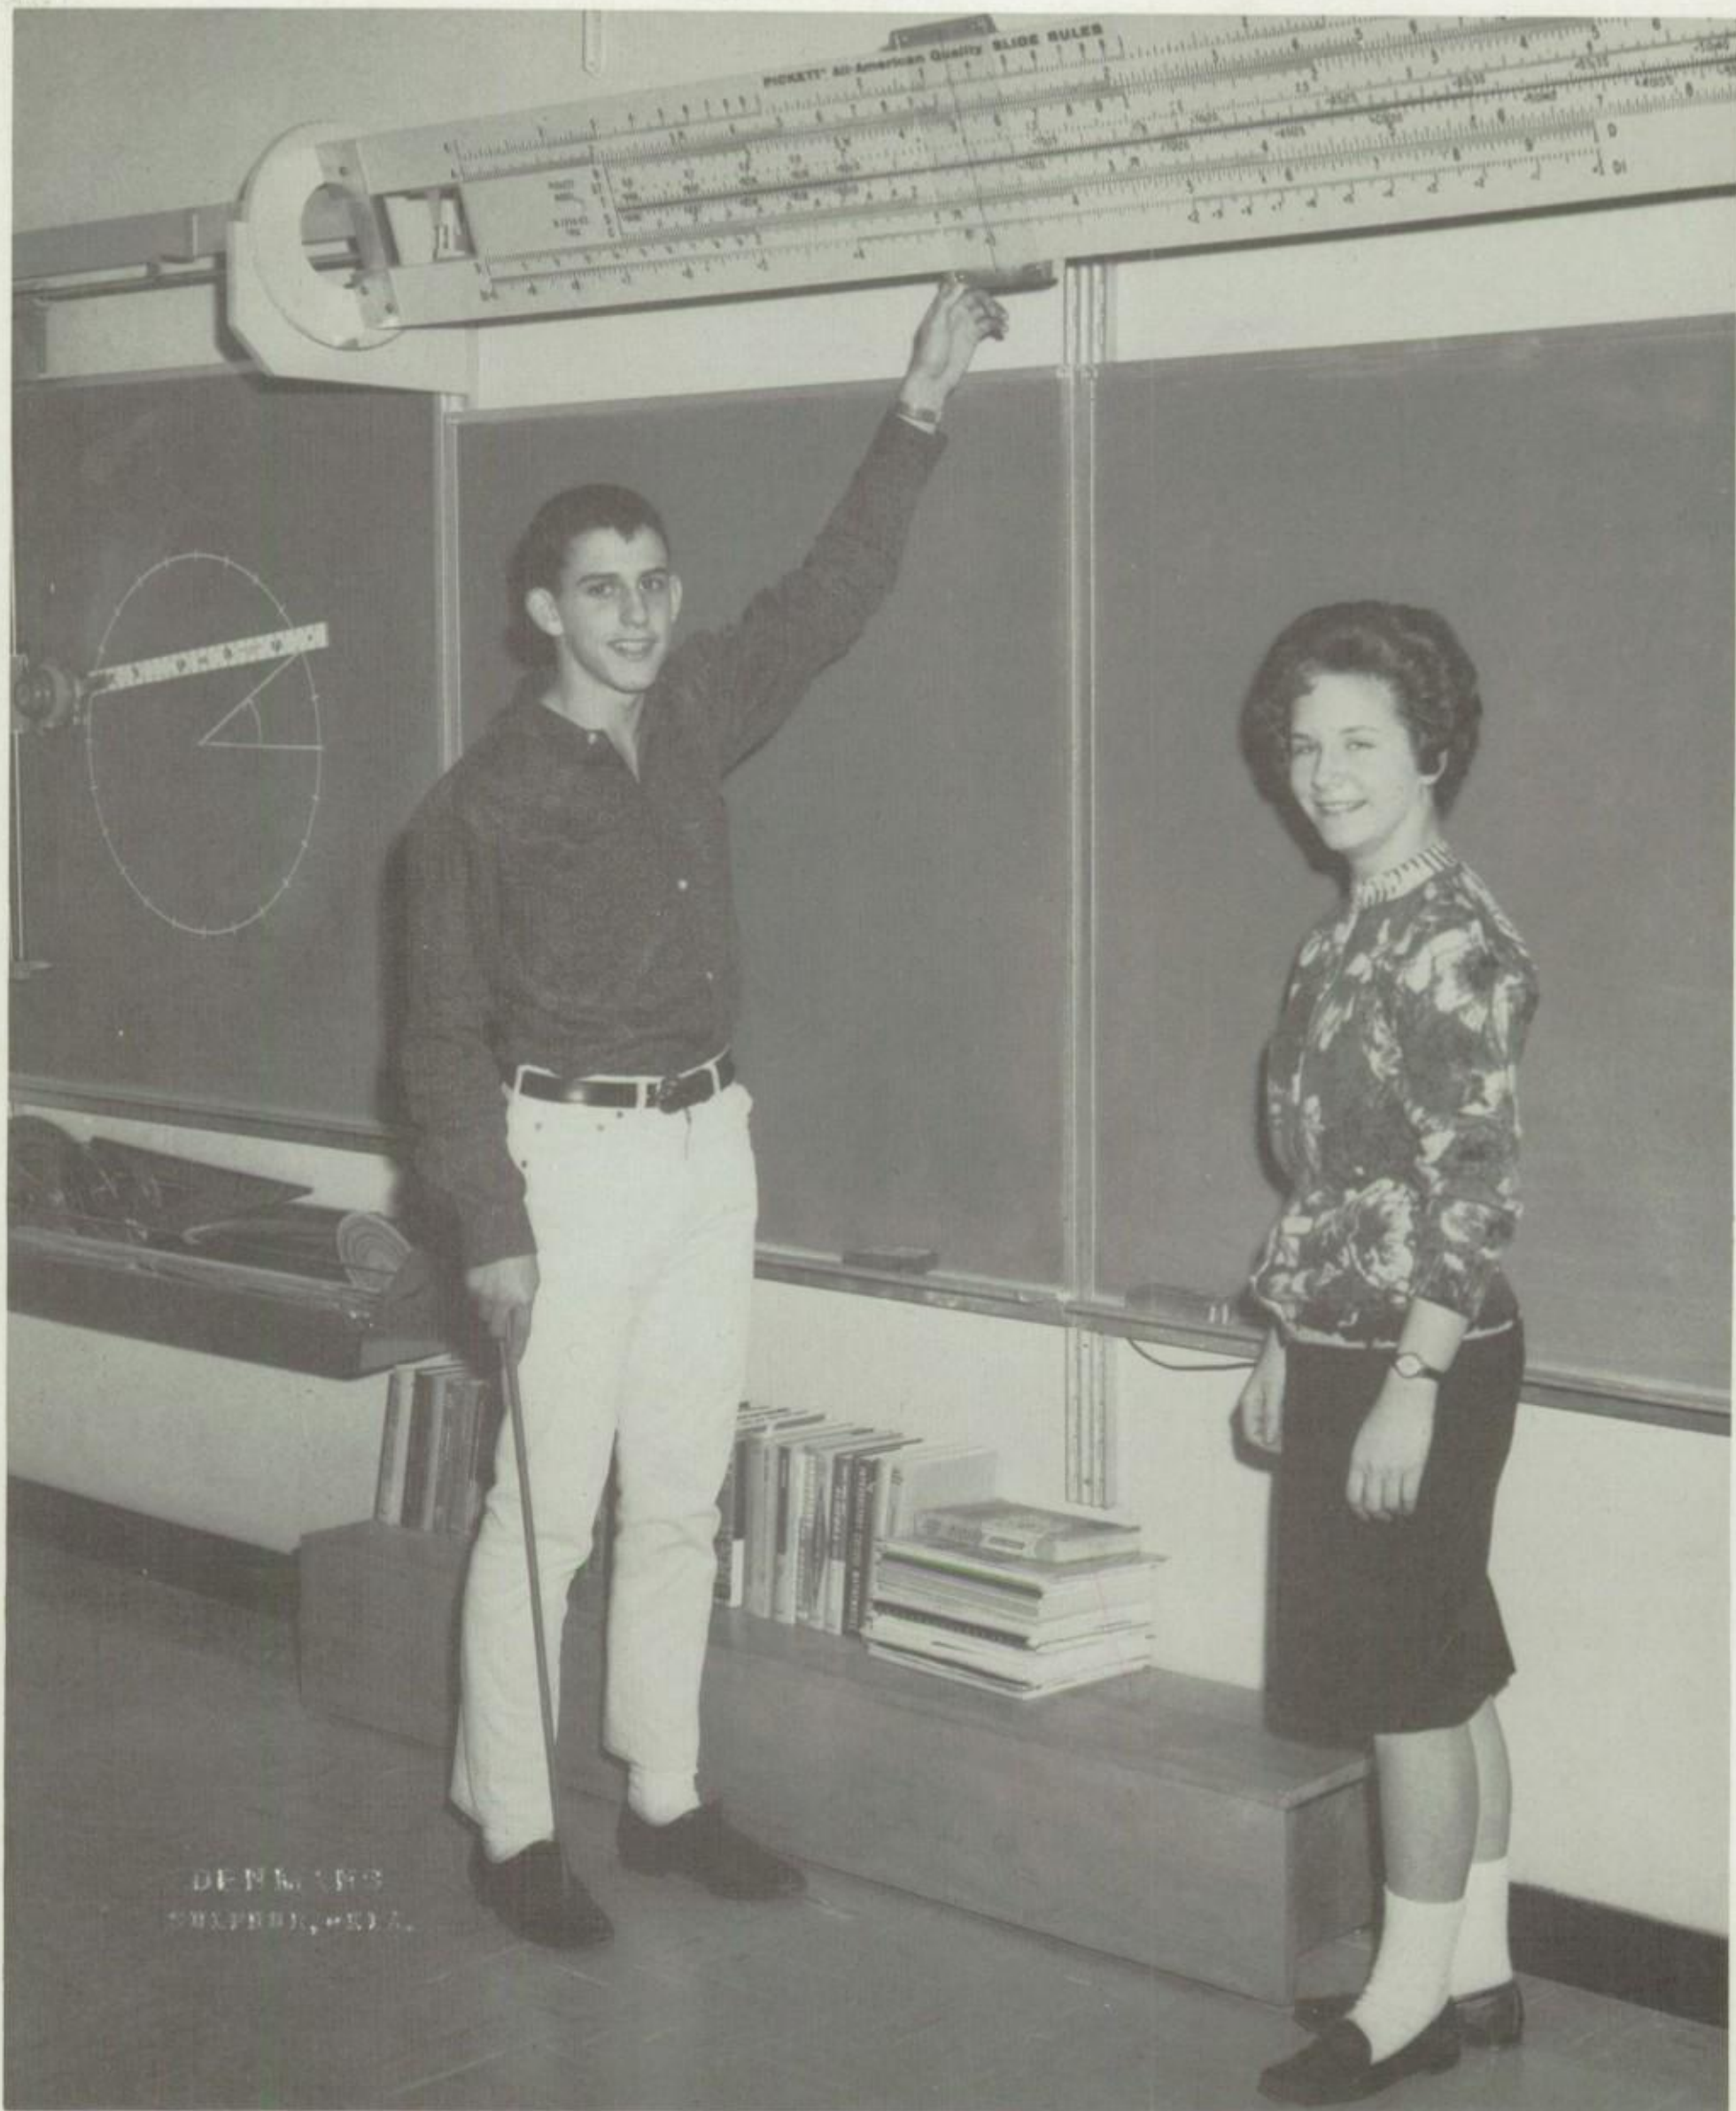

Pama Summers is an expert Mercedes mechanic. "She Repairs Her Own." Susie Thomas after taking Home Ec. II, has decided to compete in the fashion world with Dior of Paris.

Steve Howe now has his own T.V. show, "The Hunter." It's taken the place of "The Fugitive." Kay West has now become a "Knight" and is busy raising little "Knights." Linda Runyan has just arrived. She made her first million on Beatle hair cuts.

We are looking forward to seeing Keith Woodell and David Kirby, who are still in high school trying to avoid the draft.

The story of Future Homemakers might indeed begin in the age old way "Once upon a time." So---once upon a time, about eighteen years ago to be exact, the Sulphur chapter of F.H.A. was born as the result of an expressed need for an organization of girls studying homemaking. It's primary purpose is to work toward good home and family life for all. It offers many opportunities to develop leadership and experience in working cooperatively in home, school, and community life. To encourage, to inspire, and to build from within toward better homes, and better home members is the service offered to you by the Future Homemakers of Sulphur.
